community.topoi.org/web/uav-2014/home
www.topoi.org/event/23369/

17:45–18:15

Kyriacos Themistocleous / Athos Agapiou / Demetrios Alexakis / Branka Cuca / Diofantos G. Hadjimitsis: Lessons learnt from using UAVs in Cyprus: landscapes applications

Hans-Peter Thamm: High hopes, myth and reality, the essence of 8 years using different types of UAV for archaeological tasks - lessons learned and actual challenges

19:00

Informal meeting & dinner at the pub „Luise“ (own expenses)

POSTERS

Ronny Weißling / Joris Coolen / Natascha Mehler: Mapping Viking Age and Medieval harbour sites with Kite Aerial Photography

Gianluca Cantoro: Keeping costs low while UAV flies high: the archaeologist's perspective

Gianluca Cantoro: Photogrammetric low altitude fieldwork in „Neolithic Thessaly (Greece)“: potentials and issues

Mikołaj Kostyrko / Adam Lok: Low-cost kite aerial photography: three examples

CONTACT

Undine Lieberwirth (Topoi Forum Spatial Data)
undine.lieberwirth@topoi.org

SATURDAY, 24TH MAY

9.00

Registration open

9:30–10:00

UAVs introduction (organisers, pilots)

10:00–12:00 open to public

UAVs presentation by Jörg Bofinger/Christoph Steffen, Christian Seitz, Jochen Reinhard, Hans-Peter Thamm

— 12:00–13:00 lunch break (own expenses) —

13:00–15:00 open to public

Open Symposium: Questions & answers to the presenters; presentation of a UAV handbook (presenters, pilots)

— 15:00–15:15 coffee break —

15:15 – 16:15

Internal meeting (UAV handbook authors & editors)

REGISTRATION
